

# Ossian Days, INC.

Recently the Board of Directors of Ossian Days Inc. held a meeting to discuss the ongoing Coronavirus pandemic and its potential impact on our annual street festival. At that meeting, after much discussion, the directors present voted unanimously to cancel Ossian Days 2020; originally set for September 17<sup>th</sup>, 18<sup>th</sup> and 19<sup>th</sup>.

Ossian Days Inc. takes the health and safety of our community as a priority. Given the current health crises and uncertainty of what September may look like, we have made the difficult decision to not hold this year's festival. The directors realize that this will make an economic impact on our vendors and many local organizations and charities that we partner with annually. We also acknowledge that this is in some way a historic move during these uncertain and unprecedented times. Many in our community have fond memories of Ossian Days, as does the board. Ossian Days is regarded as the only event that brings our whole community of Ossian together annually and it is for that same reason that the board took what we feel to be responsible action; to help protect the community that we love and cancel our festival due to the current national health emergency.

It is our hope that we can position ourselves to come back for the 2021 festival and continue to make more memories for all involved. We thank the town and community for your past generous support and we look forward to future Ossian Days to come.

The Board of Directors  
Ossian Days Inc.
